Trump does a three hour interview with Joe Rogan and yet one question was not asked. The elephant in the room was obvious.

Instead of a three hour interview, instead of a one hour interview, I have one question for certain people. A one question interview.

I challenge any of the people on this list to answer my one question I have for them. I don't think many of them would accept.

Donald (Father Of The Vaccine) Trump | The vaccine is a pre meditated bioweapon killer, by promoting it despite the obvious evidence of its harm, you are directly responsible for the deaths and injuries. You should be tried and hung. How do you plead?

Robert (Anti Vax) F Kennedy Jr. | How can you support Trump after he launched genocide upon his own people with the bioweapon covid 'vaccines'?

Joe Rogan | Why did you not ask Trump about the covid bioweapon vaccine?

Justin (Pedo) Castro/Trudeau | The vaccine is a pre meditated bioweapon killer, you are directly responsible for the deaths and injuries. You are a traitor and should be tried and hung. How do you plead?

Alex Jones | Why did you not have the prosecution in your trial prove the Sandy Hook shooting actually took place?

Benjamin (Trust The Plan) Fulford | Why don't the white hats just come out and tell the truth publicly?

Anyone who promoted or injected the Covid vaccine | The vaccine is a bioweapon killer. Following orders is not a defence, if you did not provide informed consent you are directly responsible for the deaths and injuries. You should be tried and arrested. How do you plead?

A one question interview challenge that most above will not accept nor answer.

Maybe we don't need to have these people answer their one question for us all to know the truth; as them not answering it speaks volumes.
